Re: Your Letter Dated June 7, 2018

Dear Mr. Adams:

Our office serves as general counsel for the Excelencia Charter Academy ("Excelencia"). The Excelencia Board of Directors received your letter dated June 7, 2018, in which you allege possible violations of the Brown Act in general at Board meetings over the last nine months and likely specific violations of the Brown Act regarding the March 7, 2018 and April 26, 2018 meetings. Although most of your allegations are factually inaccurate, we have discovered that agendas were not posted at all teleconference locations for the meetings of March 7, 2018 and April 26, 2018. Therefore, we cured these technical violations by holding a Special Meeting on June 12, 2018, where the items acted upon during the March 7 and April 26 meetings were agendaized, discussed fully, thoroughly reconsidered, and voted upon.

Your allegations that teleconferenced meetings have been held in locations inaccessible to the public is incorrect. No teleconferenced meetings were held at locations closed to the public, or non-ADA compliant. No meetings were held at locations that required purchase or payment to be present. Additionally, at all Board meetings, a majority of the Board were located within the District's boundaries. Also, the minutes to the meetings are in fact available on our website. The Brown Act violation we discovered in our review was that at the March 7 and April 26 meetings, not all teleconference locations had agendas posted properly. Excelencia makes a full commitment to post agendas at all teleconference locations for future Board meetings.

Please contact me if you have any questions.

Very Truly Yours,
